

## Introducing RxSavingsPlus®

Graco is offering employees and their family members access to RxSavingsPlus, a prescription drug discount program that can help save up to 80%\* on generic medications and up to 40%\*\* on brand-name drugs at more than 65,000† participating pharmacies nationwide. You can also save at MinuteClinic®, located inside select CVS pharmacy stores, with up to 15% off a health service or screening.††

*This program is NOT part of the Graco medical plan and your expenses would not accumulate towards your medical and/or prescription deductible and/or out of pocket maximum if you are enrolled in Graco's medical plan.*

### RxSavingsPlus is intended for

- Employees working under 16 hours/week not eligible for benefits
- New employees not yet eligible for benefits
- Employees losing benefit coverage (e.g. reduction in hours or termination)
- Dependents of the employee (e.g. spouse or child regardless of age)

You can use the RxSavingsPlus card to get prescription discounts for the whole family – even pets.‡ All eligible employees and their dependents, regardless of age, are eligible for this benefit and there is no cost to enroll!
